The Tama-Toledo Chapter of the Daughters of the American Revolution have recently (July 18th, 1951) completed a cemetery census of pioneers residents of Tama County born before 1850. Five copies of their report have been made: one going to Memorial Continental Hall Library, Washington, D.C. one going to the Historical Building Library, Des Moines, and one each to the Tama, Toledo, and Traer public libraries. Grave records are valuable resources for historical research in many lines.

The Daughters making the census were greatly surprised and deeply impressed to find the excellent condition of most of the cemeteries. City cemeteries were uniformally in excellently condition. Following is the list of such cemeteries with the number of grave records taken:-

Garwin Union	92	Traer	443
Dysart	244	Chelsea	116
Montour	259	Tama, Oak Hill	388
Gladbrook	138	Tama, Catholic	101
Clutier	17	Toledo	880

The National Cemeteries located, Sec. 14, Carroll, 21 stones were counted, Sec. 1, Otter Creek, 95 counted, and Sec. 28 York, 106 counted. These cemeteries, serving Vining and Elberon and vicinity are to be especially noted for their many beautiful flowers and imposing monuments.

Urban and National cemeteries are generally sufficiently endowed to insure perpetual care. Tama County urban cemeteries, however financed, gave proof of excellent care.

Especially to be commended were the well kept rural cemeteries with their iron fence enclosure, arched and named gateways, trimmed trees, refuse baskets, evenly clipped turf, and good driveways. These cemeteries were greatly in the majority and evenly distributed throughout the county. Following a list of these cemeteries, giving the section, township, and the number of gravestone records taken in each:-

The 56 cemeteries in Tama County yielded the names of 4626 pioneer residents born before 1850. It might be well to

state here, the actual number no doubt is well over 5000 as many pioneer's graves are unmarked by stones, and many are still living who were born before 1850.

Eighty-five of the early settlers were born before 1800. Of these the Toledo cemetery holds 17, Traer 11, Tama 7, Montour 7, West Union 4, Crystal 4, and the other cemeteries one or two. Of the early settlers, Deacon John Higgins, Toledo was born the earliest, 1741. Andrew Anderson, Montour was born 1749, Elizabeth S. Bingham born 1763 also of Montour. Perhaps the pioneer who lived the longest in the county was Orren Burright, Toledo, born 1800, died 1908.

Probably the Rector Cemetery contains the remains of the most distinguished war veteran of the County. "

Badger Hill Cemetery contains one stone each side of which is to the memory of a different person, one buried in Oregon, Illinois, one there at Badger Hill, and two others in York, Nebraska. This family history of migration paralleled that of the reader's relative. Many such interesting stones were read and snatches of biography revealed.

The Daughters doing the work felt amply repaid for their labors in the information they gained regarding Tama County. They found the roads excellent in practically all sections. The location of the cemeteries were invariably in the most scenic sites; dominant hilltops overlooking miles of beautiful rolling land dotted with timber, pastures, and harvest fields. Viewed in the sunset hours when most of the records were taken the ladies felt California or Switzerland could offer no more beautiful natural scenery than Tama County.
